Over the past 40 years, the Sri VIdya Temple (Sri Rajarajeswari Peetam) has evolved into an important center for the worship of the Divine Mother Rajarajeswari, attracting thousands of visitors each year from around the world. With the grace of our Guru and Guru lineage, we are actively pursuing the next phase in the Temple's development, the "Rajagopuram Project," which entails the construction of a new agamic temple complete with traditional Rajagopuram.

The new Temple is expected to be 220 ft by 120 ft and will be supported by 28 granite pillars, with each pillar sculpted as an exquisite piece of art, granite sannidhis for each deity and four gopurams. The Temple will be built according to the Kashyapa Shilpa Shastra and will stand the test of time. Even more divine energy will be attracted into the Temple, maximizing the power of the auspicious blessings that radiate to all. The rishis of ancient India have bestowed this sacred science of Temple construction on humanity, for the sake of world peace and universal spiritual upliftment.

As Maha Periyava has beautifully explained: "**Temple Renovation, Reconstruction, Kumbabhishekam, etc. are all considered extremely noble deeds. We all should do whatever we can towards these and earn Punya Karma. Whatever we offer, it may be a brick, but as long as that brick is there in that temple, we will spend that much time (thousands of years) in Kailash or Vaikuntham.**" Building such a divine Temple for Sri Rajarajeswari will be a great service to humanity for generations to come, and anyone who selflessly supports such a project will be blessed by Devi for countless lifetimes.
